## EXPERIENCE

**Pratiti Technologies Pvt. Ltd. | Pune, India.**

**August 2023 - Present**

Since August 2023, I've been at Pratiti Tech, initially working on the **Smart Building POC** project where I developed the front end using **React.js**. I then transitioned to the **Wenger** Project, continuing with **React.ts** development. Consistently delivering high-quality work, I've gained valuable experience and remain committed to learning and growth.

## EDUCATION

**B-Tech | Computer Science and Engineering**

Government College of Engineering, Amravati.

2019 - 23 | CGPA 8.75

**12th | Electrical Maintenance**

Shri. Shivaji Jr. College, Akot.

2018-19 | 88%

## PROJECTS

**M-Play | Full Stack Music Player | ReactJS, NodeJS, Firebase**

M-Play is an interactive Full Stack Music Player where administrators can effortlessly manage songs, artists, and album covers stored in the Firebase database. Users enjoy seamless playback functionality and the ability to minimize the player while enjoying their favorite tunes.

**Bank Token Generation System | C# .NetCore, React, MS SQL**

Internship Project at Pratiti Technologies. Efficient queuing system for smooth customer experience.

**Tic Tac Toe | Game | Java, Swing**

Paper-and-pencil game for two players who take turns marking the spaces in a three-by-three grid with X or O. The player who succeeds in placing three of their marks in a horizontal, vertical, or diagonal row is the winner.

**All About The Indian Flute! | Static Website | HTML, CSS**

Showcasing information about flute and enlisting the famous Indian Flutists.

**Placement-Shala | Edu-site | HTML, CSS, JS, Python, Django**

The platform made for the students preparing for placements, there the preparation strategy and about the useful resources is displayed.
